The Chief Secretary to Government
of His Highness the Maharaja of Mysore,
BANGALORE.

Sir,

Installing a telephone at the Century Club.

With further reference to my letter No.5786 of the 28th February 1924, I have the honour to submit herewith an estimate amounting to Rs307/- for giving telephone connection to the Century Club on the existing City Local Exchange. The cost of the connection provides for a separate line to the Century Club and also the installation therein of the telephone instrument and wiring.

Government have ordered that no private connections should be given on the City telephone exchange, pending the re-modelling of the entire existing City telephone system into a modern commercial system. The existing telephone switchboard is completed loaded up, and no further connections are ~~to be~~ being given even to Government officers. The connection proposed to the Century Club according to the enclosed estimate is in place of a Government installation recently disconnected.

If the sanction of Government be obtained for this connection, and if the Club can deposit with us the initial cost of the connection, I have no objection to arrange for the service. If the connection is sanctioned, there will be no further charges in the shape of rentals,

etc. until Government sanctions the Commercial system of telephones.

I have the honour to be,

Dear Mr.Kuppuswamy Iyengar,

Ref Only 5/5

I have your D.O.No.G.14225 dated the 30th April 1924 and in reply thereto would say that it is proposed to charge Rs.180/- per year for each telephone connection given after the City Telephone System has been completely overhauled and put in good working condition. I think this is too high a rate to charge for a telephone connection under the present conditions and would therefore suggest that an annual rental value of Rs.120 be charged for the phone which may be installed in the Century Club until such time as the system is reconstructed, after which the rate will be that which may at the time be fixed for all non-Government subscribers.

SGF-PRN.

Yours sincerely,

To
